PROGRAMS FOR FINANCE PROFESSIONALS

Finding the Funny in Change (most popular keynote)

This keynote connects well with finance groups! It has solid take-away tips they can use back at work, and it includes plenty of humor. The lightning-fast pace of change is staggering to many leaders, organizations, and some team members. Rapid, continuous change often results in fear, tension, and miscommunication. Using humor can diffuse tension instantly and initiate tough conversations.

Bouncing Back: Handling Setbacks Like a Comedian

Nobody tries to fail, but sometimes things go “not as planned,” and recovery is rough. Comedians know this more than anyone because they have a very high profile job. And when they flub up, or something goes wrong, it needs to be fixed fast and on the spot. Jan gives tips on how to handle, avoid and move through these situations. Don't let mistakes and mishaps hinder future success!

Master of Ceremonies

Awards recognition shouldn't be a chore! Jan will bring the fun and energy to your event so everyone, even the people not being recognized, will enjoy it!
