## KEYNOTES FOR HEALTH CARE PROFESSIONALS

### Finding the Funny in Change (most popular keynote)

This keynote connects well with health care groups! It has solid take-away tips they can use back at work, and it includes plenty of humor. The lightning-fast pace of change is staggering to many leaders, organizations, and some team members. Rapid, continuous change often results in fear, tension, and miscommunication. Using humor can diffuse tension instantly and initiate tough conversations.

### Bouncing Back: Handling Setbacks Like a Comedian

Nobody tries to fail, but sometimes things go “not as planned,” and recovery is rough. Comedians know this more than anyone because they have a very high profile job. And when they flub up, or something goes wrong, it needs to be fixed fast and on the spot. Jan gives tips on how to handle, avoid and move through these situations. Don't let mistakes and mishaps hinder future success!

### Master of Ceremonies

Awards recognition shouldn't be a chore! Jan will bring the fun and energy to your event so everyone, even the people not being recognized, will enjoy it!

## Clients are Saying . . .

"Jan spoke about how to use humor when implementing changes in the healthcare industry ("Finding the Funny in Change"). Some people "busted a gut" laughing so hard, and she left our audience of CFO's and Risk Managers in stitches (what is the ICD 10 code for that?). I think she would be a great speaker for any healthcare audience and everyone else. They say laughter is the best medicine, and it may be the only thing your healthcare insurance pays for these days..." L.M., for American Excess Insurance Exchange RRG

"Thank you for making us laugh! I know that's your job, but you were so naturally fun and funny that you helped make our North Carolina GlaxoSmithKline Foundation Child Health Recognition awards ceremony a rousing success! Thank you for taking the time to be with us at the ceremony, and for providing us with your insights about using humor to a positive effect in our lives, at work and at home!" M.F.H., Executive Director, NC GlaxoSmithKline

"Thank you for presenting at the ASPAN National Conference in Nashville. Your presentation was a wonderful way for us to end our conference. Everyone truly loved having you speak! It was a pleasure to meet you and I look forward to seeing you again." C.B., American Soc. for PeriAnesthesia Nurses National Conf. Coordinator
