Finding the Funny in Change (most popular keynote)

This keynote connects well with government groups! It has solid take-away tips they can use back at work, and it includes plenty of humor. The lightning-fast pace of change is staggering to many leaders, organizations, and some team members. Rapid, continuous change often results in fear, tension, and miscommunication. Using humor can diffuse tension instantly and initiate tough conversations.

Flourishing From Failure: Handling Mistakes Like a Comedian

Nobody tries to fail, but sometimes things go “not as planned,” and recovery is rough. Comedians know this more than anyone because they have a very high profile job. And when they flub up, or something goes wrong, it needs to be fixed fast and on the spot. Jan gives tips on how to handle, avoid and move through these situations. Don’t let mistakes and mishaps hinder future success!
